

VAMSI LABS LTD. (R&D Centre)

## Quality Policy

We at VAMSI Labs Ltd. (R&D Centre) strive,

- >To strengthen our pipeline of new products.
- >To develop eco-friendly technologies through green Chemistry.
- >To reduce the dependence on the import of key starting materials for API manufacturing.
- >To help Indian and foreign Pharmacopeia commissions for monographs development and impurities and standard preparation.
- >To generate more intellectual property and patent it, which will lead to economic benefit.

We achieve this by satisfying applicable requirements and continually improving our Management System.
